

July 20, 2011

Dear Montessori Family:

In an effort to keep families informed of school events, we have expanded our communication program to strive to keep everyone in a student's family informed of school activities. We will continue to use the Monday communication folders to send information home as well as expanding the use of our website and the broadcast telephone calls to announce upcoming events. In addition, because we recognized that many of our students share two households, we are committed to mailing school information to the homes of those students who have more than one parent household listed.

It is very important that you keep us informed of any changes in your address, telephone number(s) and contact information so we may provide you with information on a timely basis.

Staying informed about school activities and events is a great way to support your child's education. We encourage you to visit our website at www.mrcserie.org for updated school information, including our events calendar, commonly used forms, and contact information.

If you have any questions or suggestions do not hesitate to contact our office using any of the following methods: email suggestions@mrcserie.org or office@mrcserie.org, or phone us at (814) 833-7771.

Sincerely,

Elaine Snyder
Montessori Regional Charter School
