September 28, 2007

Dear Parents and Guardians,

Enclosed you will find your child's 2007 results for the Pennsylvania System of School Assessment (PSSA) in Reading and Math which were taken last spring. I encourage you to read through the report and contact our office if you have any questions.

It is my pleasure to announce the Montessori Regional Charter School met Annual Yearly Progress (AYP) for the third year in a row. AYP is the measurement the state uses to determine if the school is preparing students according to standards. The PSSA is only one measurement of student learning, however, it is one of the criteria that the state uses to determine the success or failure of our school.

As part of our continuing drive for excellence, the faculty and administration is working to align our Montessori Curriculum to the state standards in order to ensure that we make continue with our progress. If your child is at basic or below in math or reading, they will receive extra Title I services to support their studies in those areas.

If you have any questions or concerns, please do not hesitate to contact me. On behalf of the administration, faculty and staff I would like to thank you for your continued support of our students and the school.

Sincerely,

Anthony J. Pirrello  
Principal/CEO  
Montessori Regional Charter School
